Paganism, processes of Christianisation and Pastoral Care in the Early Middle Ages

A workshop

13 April 2018 | 14.00-17.00 | K114 (History Boardroom), UCD School of History

This workshop continues the discussions which began at the University of Utrecht in May and December 2016. The aim is to gather researchers in order to discuss the concepts of Paganism, Christianity, Conversion, Pastoral Care and Religious Synthesis. Building a network of scholars who work in different fields as well as time periods allow for discussions on ideas and approaches which deal with such phenomena to be created on the Middle Ages. Each participant will give a short presentation. Ample time will be given for debate, as the exchange of perspectives and research experiences is core in this facilitation.

Everyone is welcome,
and registration is not required.

This workshop is kindly supported by:
UCD Mícheál Ó Cléirigh Institute
Living the Law Project
Irish Research Council
